

The New Lifestyle
with Clean
Energy

Life goes on,
even when
the power doesn't

Powered by

KOHLER
RESIDENTIAL GENERATORS

Worry-free power without interruption

Automatic, Hands-Off Operation

In the event of a utility power outage, power is automatically restored to your home or business in seconds—even if you're not there.

Fast Backup Power

KOHLER generators restore power within 10 seconds of an outage.

Clean Digital Power

KOHLER generators feature the industry's only true digital power and provide worry-free protection for the most sophisticated home electronics.

Quiet

A sleek, weather-resistant, sound enclosure keeps operating noise under 65dB(A)

Easy to Service

Simple to use, the **KOHLER** Advanced Digital Control (ADC) shows readings on output, battery voltage, oil pressure, engine hours, run conditions and system fault condition while providing precision power and password-secure access (currently offered in units 7.5kVA - 117kVA)

In the unlikely event service is required, it can often be provided over the phone.

Easy to Install

The units are now equipped with a built-in mounting pad for reduced installation time and cost.

Natural Gas or LP Fuel

Unlike portable generators that need to be refueled, **KOHLER** generators are fueled by Liquid Propane (LP) or Natural Gas and are installed permanently outside new or existing homes.

UL Listed

All **KOHLER** residential generators are UL tested and listed to UL 2200 for your safety and protection.

1 Years Warranty for your satisfied and comfortable.

8 RESV / 10 RESV / 12 RESV

14 RESA / 20 RESA
